ORDINANCE OF THE BOROUGH OF GIBBSBORO AMENDING SECTIONS 96-1 AND 96-3 OF THE GIBBSBORO CODE BOOK BANNING THE SALE OF DOGS AND CATS FROM COMMERCIAL BREEDING FACILITIES AT PET SHOPS

WHEREAS, a significant number of puppies and kittens sold at pet shops come from large-scale commercial breeding facilities where the health and welfare of the animals are not adequately provided for (“puppy mills” and “kitten mills,” respectively). According to The Humane Society of the United States, it is estimated that 10,000 puppy mills produce more than 2,400,000 puppies a year in the United States and that most pet shop dogs and cats come from puppy mills and kitten mills; and

WHEREAS, the documented abuses endemic to puppy and kitten mills include over-breeding; inbreeding; minimal to non-existent veterinary care; lack of adequate and nutritious food, water and shelter; lack of socialization; lack of adequate space; and lack of adequate exercise; and

WHEREAS, the inhumane conditions in puppy and kitten mill facilities lead to health and behavioral issues in the animals bred in those facilities, which many consumers are unaware of when purchasing animals from pet shops due to both a lack of education on the issue and misleading tactics of pet shops in some cases. These health and behavioral issues, which may not present themselves until some time after the purchase of the animals, can impose exorbitant financial and emotional costs on consumers; and

WHEREAS, current Federal and State regulations do not adequately address the sale of puppy and kitten mill dogs and cats in pet shops; and

WHEREAS, restricting the retail sale of puppies and kittens to only those that are sourced from shelters or rescue organizations is likely to decrease the demand for puppies and kittens bred in puppy and kitten mills, and likely to increase the demand for animals from animal shelters and rescue organizations; and

WHEREAS, according to the New Jersey Department of Health’s 2014 Intake and Disposition Survey, due in large part to the pet overpopulation, more than 20,000 dogs and cats are euthanized in New Jersey animal shelters annually, including nearly 1,500 in the County of Camden. Restricting the retail sale of puppies and kittens to only those that are sourced from animal shelters and rescue organizations will likely reduce pet overpopulation and thus ease the burden on such agencies and financial costs on local taxpayers; and

WHEREAS, across the country, thousands of independent pet shops as well as large chains operate profitably with a business model focused on the sale of pet services and supplies and no on the sale of dogs and cats. Many of these shops collaborate with local animal shelters and rescue organizations to offer space and support for showcasing adoptable homeless pets on their premises; and
WHEREAS, this Ordinance will not affect a consumer’s ability to obtain a dog or cat of his or her choice directly from a breed-specific rescue organization or shelter or from a hobby breeder where the consumer can directly see the conditions in which the dogs and cats are bred, or can confer directly with the hobby breeder regarding those conditions; and

WHEREAS, the Borough Council of the Borough of Gibbsboro believes it is in the best interests of the Borough of Gibbsboro to adopt reasonable regulations to reduce costs to the municipality and its residents, to protect the citizen of the Borough of Gibbsboro who may purchase dogs and cats from a pet shop or other business establishment, to help prevent inhumane breeding conditions, to promote community awareness of animal welfare, and to foster a more humane environment in the Borough of Gibbsboro.
