ORDINANCE NO. 15O-04-110

AN ORDINANCE OF THE CITY OF LAUDERHILL AMENDING THE CITY CODE OF ORDINANCES CHAPTER 4, ANIMALS AND FOWL, ARTICLE III, PET SHOPS AND COMMERCIAL KENNELS; AMENDING THE REGULATIONS GOVERNING THE SALE OF DOGS AND CATS; AMENDING SECTION 4-31, DEFINITIONS; AMENDING SECTION 4-41, PET SHOPS; CREATING SECTION 4-41.5, CERTIFICATE OF SOURCE OF DOGS AND CATS; PROVIDING FOR SEVERABILITY; PROVIDING FOR CONFLICTS; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR AN EFFECTIVE DATE (CO-SPONSORED BY COMMISSIONER HAYWARD J. BENSON, JR. AND COMMISSIONER HOWARD BERGER)

WHEREAS, the humane treatment of animals is an important public purpose; and

WHEREAS, “puppy mills” are inhumane and unsanitary breeding facilities for dogs in which parent dogs are kept in cages for majority of their lives, breeding litter after litter of puppies; and

WHEREAS, according to United States Department of Agriculture reports, documented problems found at puppy mills include: (1) sanitation problems leading to infectious disease; (2) large numbers of animals overcrowded in cages; (3) lack of proper veterinary care for severe illnesses and injuries; (4) lack of protection from harsh weather conditions; and (5) lack of adequate food and water; and

WHEREAS, the Humane Society of the United States estimates that, each year, two to four million puppies are born in the United States in puppy mills; and

WHEREAS, kittens are also inhumanely bred and housed in similarly cruel mills or “kitten factories”; and

WHEREAS, the most effective way to stop puppy and kitten mills is to discourage the purchase and sale of puppies and kittens produced at these inhumane facilities; and

WHEREAS, according to the Humane Society of the United States, most pet store dogs and cats come from puppy mills and kitten mills, and although American consumers purchase dogs and cats from pet stores
believing the pets to be healthy and genetically sound, in reality, the animals that come from mills often face an array of health problems, including not only communicable diseases or genetic disorders that present immediately after sale but also diseases or disorders that do not surface until several years later, all of which lead to costly veterinary bills and financial and emotional distress to consumers; and

WHEREAS, numerous alternatives exist for people to find pets, including adoption of animals from the City's own Animal Shelter or other public shelters; or adoption from humane societies or other animal rescue organizations; and

WHEREAS, restricting the retail sale of puppies and kittens to only those that are sourced from shelters or rescue organizations will likely reduce pet overpopulation and thus the burden on town agencies and financial costs on town taxpayers;

WHEREAS, across the country, thousands of independent pet stores and large chain stores operate profitably with a business model focused on the sale of pet services and supplies and not on the sale of dogs and cats, often collaborating with local animal sheltering and rescue organizations to offer space and support for showcasing adoptable homeless pets on their premises; and

WHEREAS, this Board believes that adopting this ordinance will promote animal welfare, foster a more humane environment, and encourage pet consumers to adopt dogs and cats from shelters, thereby saving animals' lives and reducing the cost to the public of sheltering animals.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF LAUDERHILL, FLORIDA:

SECTION 1: The foregoing “WHEREAS” clauses are hereby ratified as true and correct and are incorporated herein by this reference.

SECTION 2: Legislative Intent. The City Commission of Lauderhill, Florida, hereby declares and finds that puppy mills and kitten factories are inhumane breeding facilities, with documented and widespread instances of: unsanitary conditions leading to infectious diseases; overcrowding in cages of large numbers of animals; a consistent lack of proper veterinary care for severe illnesses and injuries; a consistent lack of protection from
harsh weather conditions; and a consistent lack of adequate food and water. The Board further declares and finds that animals from mills often face an array of communicable diseases, genetic disorders, and other health problems that may present immediately after sale or not until several years later, and that lead to costly veterinary bills and distress to consumers. The Board further finds that most pet store dogs and cats come from puppy mills and kitten mills, and the most effective way to stop puppy mills and kitten factories is to discourage the purchase and sale of puppies and kittens produced at these inhumane facilities. In addition, the town has a pet overpopulation problem that results in many dogs and cats being abandoned at the town’s Animal Shelter, and it is the policy of this Board to encourage the adoption of abandoned pets rather than adding new pets to the local population. For these reasons, the Board finds that it is reasonable and necessary to restrict the sale of dogs and cats to protect the health, safety, and welfare of both animals and pet owners.
